ROCK CREEK	Patricia Burns	4th, 5th	Wireless Microphones. We would like to buy more microphones to add to those bought last year. We have brought musical plays back to Rock Creek and would like to continue.	To purchase two wireless body pack transmitters and microphones.	\$1,000.00	\$1,000.00	X		
	Olivia Conn	K - 5th	In Focus X3 digital DLP Projector. This projector will allow Rock Creek teachers to enhance their lessons by projecting visual images, video, writing, and math problems on the whiteboard. Lesson planning will have enhanced design benefit in offering students with learning challenges with greater access to information through visual aids.	To purchase a portable projector to scaffold student learning in the classroom. Projection will allow teachers to enhance traditional lessons and expand learning through multimedia & internet integration.	\$949.99	\$949.99	X		
	Claudia Wilson	K - 5th	Books On Tape. The Language Arts program is supplemented with many books on tape. A listening center, open at all times, gives students an opportunity to individually listen to stories multiple times.	English Learners need to hear English spoken correctly as much as possible. This increases vocabulary, fluency, writing ability, school readiness and self esteem.	\$250.00	\$250.00	X		
SKYRIDGE	Margaret Knapp & Lynn Beckler	1st, 2nd	"Smart Talk" Card Readers & Language Development Posters. The project is designed to support phonics instruction at the beginner, emergent and transitional reader levels for English Learners. Also can be used for students working below grade level and not meeting first grade standards.	The Readers and Posters reinforce audio & visual skills through application of letter/sound and letter/sound/picture correspondences. Readers & non-readers can progress at their own pace.	\$1,000.00	Claudia will meet with Doris and Michele on these two proposals. District currently has a program very similar to this.			
	Kim Morris & Susan Spense	1st	"Smart Talk" Card Readers & Cards. The card reader "reads" words from the vocabulary cards, and students listen and practice pronunciation. They hear the word used in context, and the cards include a photo and corresponding text.	This self-paced verbal, visual & speaking program will enable our ESL and ELL students to become more proficient in the English Language.	\$1,000.00				
SKYRIDGE	Beth Schools	3rd, 4th special ed.	Read Naturally Program & Microscope. The 4th level program would help struggling 3rd and 4th grade students to improve reading and comprehension. The microscope would be used in science activities.	The Program would help students needing extra help in reading fluency, comprehension, vocabulary, main Ideas; the microscope to meet science standards.	\$250.00	\$250.00	X		
	Mandy Mathews	K - 5th	Read Naturally Program. Purchase of 2 additional levels which, in conjunction with Beth Schools, will complete the set through level 5. To be used in classrooms and the learning center.	The goal is to increase fluency, comprehension and summarizing skills of struggling students served by the learning center.	\$250.00	\$250.00	X

	Sue Quail	1st	VersaTiles Reading & Language Arts Lab. A self-correcting program used for individualized practice or enrichment with skill-specific activities for phonics, vocabulary, spelling, comprehension and grammar. Used for a whole class, small group or individual student. Includes Student activity books & teacher's resource guide.	Allows teacher to work with groups while individual students engage in purposeful practice. Used in reading/language arts series, students needing help, enrichment, ESL, etc.	\$250.00	\$250.00	X		
	Catherine Reebenaker	4th, 5th	Safety Patrol Supplies. To make safety patrol more professional, need more orange straps, more raingear, and material to make lanyards for whistles.	Enables the 54 students to become more involved and learn responsibility, good citizenship and pride in doing a job well	\$250.00	\$250.00	X		
	Teresa Guevel	2nd	Fun Review Activities. Purchase of games, music and activities in language arts, math, science and social studies to create excitement during review and reteaching process.	The goal is to increase knowledge and raise test scores by creating fun and excitement during review and reteaching activities.	\$245.80	Application postmarked 4-17-07			X
ALTA VISTA	Gail Burch	6th, 7th, 8th	Elective Courses. AEF funds will be used to purchase curriculum for career exploration, science, musicals and extension courses using our life lab.	The elective courses will provide enrichment opportunities in the form of learning and life experiences in our quest for well rounded middle school students.	\$250.00	\$250.00	X	Please send us more information for our own knowledge.	
ALTA VISTA	Karen Christenson	2nd	Accelerated Reader Books and Tests. The materials will augment our current selection and broaden and enlarge the selection of books and tests for 2nd graders including both lower and higher level books..	The broader selection will better fit within students instructional levels and encourage more reading, increased fluency, comprehension and vocabulary.	\$500.00	\$500.00	X		
	John Green	K - 3rd	Primary Software Site License. We will purchase "Sammy's Science House" software for the school's computer lab to expand our existing limited choices and enhance classroom curriculum.	Science will be introduced into the computer lab allowing students to learn and practice new concepts and reinforce classroom instruction.	\$750.00	\$750.00	X		
	Valerie Jeppson	K - 7th	Tools For The New Life Lab. A Life Lab is being created and gardening equipment is needed to develop the project and maintain the plants..	This is a student centered life science opportunity for grades K - 7th to observe and interact with the life cycles of plants and animals.	\$250.00	\$250.00	X		
	Barbara Whitley	K	Two TV/VCR/DVD Units. The units will replace an old, dysfunctional TV/VCR and add DVD capability to run contemporary presentations in social studies, science, etc.	The units will provide the ability to show quality educational programs, including DVD formats, which will enhance curriculum and learning.	\$650.00	\$650.00	X

AUBURN ELEMENTARY	Erin Emerson	K & ELS	Realia Collection. The Vocabulary Development Center and The Phonics Factory will be purchased to help provide a strong foundation in the English language and assist students in making up language deficiencies.	The use of realia will help students build essential language skills, provide hands on experiences with English and build a language rich environment.	\$250.00	\$250.00	X		
	Nancy Koring	3rd, 4th, 5th	Accelerated Math Learning Cards. These cards will help students review math objectives on their own and give teachers a way to diagnose problems quickly.	Through quicker intervention, students will get needed information sooner and more efficiently. Offering greater success in understanding math concepts and problem solving.	\$800.00	\$800.00	X		
AUBURN ELEMENTARY	Doug Peterson	K - 2nd	Renovation Of Small Kindergarten Life Lab. The existing plant beds have decayed and are unusable. The project will rebuild the boxes, acquire pathway matting and gravel and acquire soil amendments.	This will be an Eagle Scout volunteer project providing a safe and valuable resource for garden-based hands-on science program for Kindergarten and other classes.	\$250.00	\$250.00	X
