

Spring 2007

AEF MINI, MAXI, SUSTAINING & OTHER GRANT APPLICANTS

10/27/2008

School	Applicant's Name	Grade Level (s) Served	Project Description	Purpose of Request	Amount Requested	Amount Funded Board 11/6 exec 11/28*	Date Notified		
							Approve	Review Again	Denied
ROCK CREEK	Rebecca Lopez King	All	"Language for Teachers" purchase of Rosetta Stone Network License and CD-ROM in Spanish so teachers can use it as a tool to improve communication with parents and students.	The goal is to give teachers a chance to learn Spanish to communicate effectively since RC has 50% English Learner population.	\$ 441.64	\$ 441.64	x		
SKYRIDGE	Juliet Hamilton/Leslye Vodden	6th, 7th, 8th	Skyridge Intensive Middle School Reading Assistance Program. Since Skyridge is beginning its first year as a K-8 school, a middle school reading curriculum is needed to support students who need fluency and comprehension skills. A listening center with CD players and leveled Read Naturally Series will be added to the Learning Center Library.	Goal is to target two groups of middle school students who are struggling. Those who can't read at grade level need to be able to listen to their text books more than once so they master vocabulary and major concepts. The other group can read the material but their rate of reading fluency is so slow it impedes learning progress.	\$ 998.50	\$ 998.50	X		
	Erin Emerson	Kindergarten	"Music and Motion". The project will provide musical instruments, streamers, scarves, a parachute and a CD player to play music CD's to help kindergarteners meet CA State Standards for Fine Arts and P.E.	Purpose is to make music and movement alive in the classroom. Students will be able to make, rather than just listen, to music and learn how to move rhythmically.	\$ 443.00	\$ 443.00	X		
	Jan Hyatt	Kindergarten, 1st, 2nd	"Literacy Comes Alive". Two storytelling sets and ten floor puzzles will enhance the literacy/language arts program. The materials will be combined with props so that students will re-enact tales.	Students will perform using rhyme, rhythm, and repetitive phrases. Students will benefit by performing for classmates.	\$ 960.00	\$ 960.00	X		
	Susan Spence	2nd	"Leveled Readers". These reading sets will be used in reading groups. They correlate with the Houghton Mifflin reading program.	To meet the needs of individual students at their individual reading levels and support the thematic material in the adopted reading program.	\$ 760.16	\$ 1,000.00	X		
	Lynn Beckler	2nd	"Leveled Readers". These reading sets will be used in reading groups. They correlate with the Houghton Mifflin reading program.	To meet the needs of individual students at their individual reading levels and support the thematic material in the adopted reading program.	\$ 760.16			X	
	Kathleen Ray	2nd	"Leveled Readers". These reading sets will be used in reading groups. They correlate with the Houghton Mifflin reading program.	To meet the needs of individual students at their individual reading levels and support the thematic material in the adopted reading program.	\$ 760.16			X

AUBURN ELEMENTARY	Gina Grunigen	1st	"Smile for the Camera" project is for a quality digital camera and supplies.	Teacher likes to photograph the students engaged in various activities. She will use the camera to chronicle the year and provide lasting tangible memories of 1st grade.	\$ 300.00	\$ 300.00	X		
	Carol Baker	K- 5	"Tools for Learning" will address all levels of learning in language arts, math, social studies and science using Reading from Scratch (an enhanced lateralization program), spell checkers, balance discs, and stability balls.	the Reading from Scratch enhanced lateralization program will raise reading levels by 1.5 - 2 years in a one year period. Spell checkers will promote independent editing skills. The balance discs and stability ball will increase students' attention spans, facilitate good posture, and improve handwriting.	\$ 944.00	\$ 944.00	X		
EV CAIN	Matthew Metrock	6th, 7th, 8th	"Life Lab Project Phase III" will enable the installation of irrigation, the planting of trees, shrubs, and other plant materials, and the building of planter boxes for science related activities.	To create an aesthetically appealing gathering spot for students to learn life science in an outdoor setting.	\$ 1,000.00	\$ 1,000.00	X		
	Claudia Wilson	6th, 7th, 8th	"Dictionaries for EL's" project will purchase English-Spanish dictionaries for English learners to use at all times in the classroom.	A class set of 20 dictionaries will allow students to look up vocabulary words and help advanced students who need help in understanding concepts in English and Spanish. They will also be	\$ 443.89	\$ 443.89	X		
	Kelly Bennett	6th, 7th, 8th	EV Cain Life Lab and Beautification Project for the planting of plants and trees in the spring of 2009.	The goals include providing hands-on science to all students of EV Cain, providing an alternative to classroom instruction, making the campus beautiful,	\$ 1,000.00	\$ 1,000.00	X
